

R-8472-RA
Lockable in Raised and Lowered Position
Key required to lower and raise bollard
(number of keys included: 2)

General Description:

The R-8472-RA Double Locking Retractable Bollard retracts fully below ground, closing flush to avoid obstruction and tripping hazards, and can be locked in both extended, upright and lowered, retracted positions. A single key-locking mechanism ensures quick and easy access to restricted areas. The clean and versatile design is highly visible and available with alternative mountings (see removable and fixed models) for consistent aesthetics that suit any modern building or landscape. High-quality 316 grade stainless steel is powder coated for exceptional resistance to corrosion and weathering. Choose from 6 standard coating options and 1 of 4 colored reflector stripes.
